### VANCOUVER

Vancouver is known as one of the most beautiful cities in the world. Queen Elizabeth Park, English Bay and iconic Stanley Park are just some of the places to take in Vancouver's breathtaking beauty. Explore Vancouver's history by visiting Gastown—the city's birthplace—and complete your trip with a visit to the Vancouver Aquarium or the Vancouver Lookout. Just over the Lions Gate Bridge through Stanley Park is North and West Vancouver.

### NORTH VANCOUVER

Hosting the largest shipyard in Canada in the early 1900's, this former marine industrial hub of Vancouver has transformed into a modern, yet trendy community in North Vancouver. Lower Lonsdale, or the Shipyard district as it is known, offers a family oriented hub for restaurants and shopping. Or, if you're up for a thrill, step along the Capilano Suspension Bridge, swinging 135m/450ft above ground. Further along the road, Skyride will take you up Grouse Mountain where you'll enjoy endless mountain adventures.

### WEST VANCOUVER

Cypress Mountain viewpoints offer breathtaking panoramic views of the Lower Mainland. It's an ideal place to watch the sunrise or sunset or grab a snack at the Pop-Up Village before venturing onto the 200-metre long Illuminated Trestle Bridge. If you prefer something closer to the water enjoy the 2.8 mile (6,500 step) scenic stroll along the West Vancouver Seawall.

### HORSESHOE BAY

The gateway to Howe Sound, the Sunshine Coast and central Vancouver Island, Horseshoe Bay is a quaint and picturesque seaside village on the North Shore of Vancouver. Dig into crispy fish 'n' chips and watch the ferries sailing into port, or enjoy a great family rest stop while enjoying the waterfront playground.

### PORTEAU COVE PROVINCIAL PARK

North of Horseshoe Bay is Porteau Cove Provincial Park, a popular scuba diving destination. Artificial shipwrecks and reefs support hundreds of species of marine life, such as octopus, lingcod and starfish. Not a diver? Explore the rocky beach or take a dip in the ocean.

### BRITANNIA BEACH

Located just 10 minutes south of Squamish is the village of Britannia Beach, once home to the largest copper producing mine in the British Commonwealth. Now a National Historic Site, Britannia Mine showcases the history of the mine and the area. Board a mining train and travel deep into an old mining tunnel. Pan for gold, engage in the interactive exhibits, or relax and refuel at the Chatterbox cafe.

### SQUAMISH

Squamish, nestled within a temperate rain forest, is billed as the 'Outdoor Recreation Capital of Canada'. World-class trails, rock climbing parks, consistent wind patterns for the avid kite and wind surfer, wildlife, and backcountry splendour, attracts enthusiasts of all ages. The food and beverage scene coupled with local artisans makes Squamish a sought-after community to both visit and live.

### WHISTLER

Arguably the most famous mountain town in North America, Whistler is consistently ranked one of the top four-season resorts and it's easy to see why. The options for winter adventure are plentiful from ziplining to snowmobiling, Olympic sliding sports to downhill and Nordic skiing, cultural tours to escaping indoor puzzles, or relaxing in a unique Scandinavian Spa experience after a day on the mountains. Much of Whistler's magic lies in the diversity of restaurants, pubs & cafes. The village is always alive with events, celebrations, and a legendary après scene.

### PEMBERTON

Pemberton and surrounding area is a year-round recreation destination for the outdoor sports enthusiast. This winter wonderland, with the majestic Mount Currie as the backdrop, provides ample opportunities such as backcountry snowmobiling, cross country skiing and winter ice fishing. After a day of adventure, Pemberton's restaurants offer a wide variety of dishes featuring local produce and meats. Only a short 30 minute drive north of Whistler, Pemberton offers plenty of adventure.
